## What support is there for bereavement?

Prior to the outbreak of Covid-19, small support groups (run by Faith@CampusLife and a Wellbeing counsellor) were being held at various points throughout the academic year to support students experiencing bereavement. Please visit the [Bereavement Support webpage](#) for up-to-date information on current availability.

We also suggest contacting [Cruse Bereavement Care](#) should you feel their services may benefit you.

Unique solution ID: #2500
