

Swansea Employability Award

How is the SEA award assessed?

In the majority of the sections in each module you are required to write a self-reflection relating to that section.

The detail is explained on the relevant page of the SEA online workbook in [Blackboard/MyStudies](#).

The assessment is carried out on the reflection that you have written and is pass or fail.

Be careful to follow the word count in sections that require it.

You also need to attach the reports that you receive as well as your CV and cover letter.

Unique solution ID: #1400
