

# Examinations

## When will I be expected to sit my exams?

There are three main exam sessions each year:

- January
- May/June
- August Supplementary

These sessions will be relevant for most students and the dates can be found under [Exam Dates](#).

For certain programmes such as Nursing, Medicine, LPC (Legal Practice Course), the exam dates fall outside of the main sessions. Students on these programmes are advised to check their exam dates directly with their School/College as these are not published on the main timetable.

Unique solution ID: #2300
