

## **Undergraduate - After You Apply**

# **I have received my offer of a place and have been asked to send verification of my results to the institution. What does that mean?**

If this has been included in your offer, we need you to send us photocopies of your examination certificates before the start of term. We will usually need copies of your highest qualifications, e.g. A-levels, AS levels, Access course results etc. We do not normally need copies of your GCSE-level exam certificates. Please send the copies to the Admissions Office.
