

Gradintel

What is Gradintel?

Gradintel is a system that links you, Swansea University and employers and allows you to be matched with the very best employment and further study opportunities. At the point of first enrolling with the University, a gradintel account will be created for you along with a Proof of Enrolment statement. Your account will also hold your Higher Education Achievement Report (HEAR) and, once you complete your studies, a final transcript and e-certificate.

Unique solution ID: #2531
